

# NEWS FROM

Alejandro Mesco

Dear brothers and sisters in Christ Jesus.

Greetings to you.

In Arequipa, infections have decreased, however, we are waiting for a third wave of covid 19,

We hope it is wouldn't be so serious and that our government and medical authorities can help prevent it.

Thank God Doris and all of our children are doing well. The vaccines are coming very slowly and this week they will vaccinate people ages 34 to 40 and continue to immunize the very young in the coming months.

At MMI we continue to work in the care of Ophthalmology, Physiotherapy, Dentistry and Psychology, in restricted hours, with all the protocols to avoid contagions. Although our Director and several colleagues have been infected, however they have defeated the covid.

Our food bag delivery aid program to vulnerable families continues and we also share the gospel with those who benefit from food.

We hope that in September or October a container with wheelchairs will arrive to distribute to people with disabilities in Arequipa and other places in the southern region. This is thanks to the organization:

**“Joni and Friends”.**

About the construction of the MMI clinic, we are still waiting for the authorization of the municipality licensing committee, that have observed some points of our project, we have corrected the observations and we hope that they accept and soon we will have the license to build.

## PRAYER REQUEST

\* Pray for the professionals who work at MMI. Dentist, Psychiatrist, Ophthalmologists, especially physiotherapists who work every day for the rehabilitation of children with disabilities.

\* Pray for the early construction of the MMI clinic.

\* Please let us continue to pray for the health of my wife Doris.

\* We are thankful to our God for the MMI director and other colleagues who have recovered from covid 19.

Dear brothers and sisters, thank you very much for your time to read these paragraphs and thank you for your prayers for our activities at MMI and for my family, especially for Doris.

We also pray for you with hope that you are doing well with God's help at this difficult time.

With lots of love: **Doris and Alejandro Mesco**
